

Careers Journey Programme for 2024-25

At college you will have many opportunities to engage in a range of activities to support your careers journey. From initial contact with our Admissions Team supporting your enquiries and applications to you becoming part of our college community when you begin your programme. The Careers Journey Programme is delivered by college tutors plus speakers from the local community.

You also have access to professional qualified and impartial Careers Advisers who can support your careers journey. Our information, advice and guidance service is quality assured through Matrix Standard accreditation.

We encourage our learners to join in with college activities and reflect on these using the college's Navigate database. This also helps learners build on their portfolio of skills and knowledge to support their career development. If you have some ideas for sessions please get in touch with Lindsey and we can look to support these.

Our Careers Journey Programme is mapped against the Gatsby Benchmarks which provides the framework for good careers programmes as required by the government.

The Gatsby Benchmarks are:

- 1 A stable careers programme
- 2 Learning from career and labour market information
- 3 Addressing the needs of each student
- 4 Linking curriculum learning to careers
- 5 Encounters with employers and employees
- 6 Experiences of workplaces
- 7 Encounters with further and higher education
- 8 Personal guidance

To find out more about the Gatsby Benchmarks go to www.goodcareerguidance.org.uk for more information.

The RNN Group's Careers Leader is Lindsey Ascough, Careers Education, Information, Advice and Guidance Leader
